Describe aloud the image below

Describe aloud the image below

Sample answer

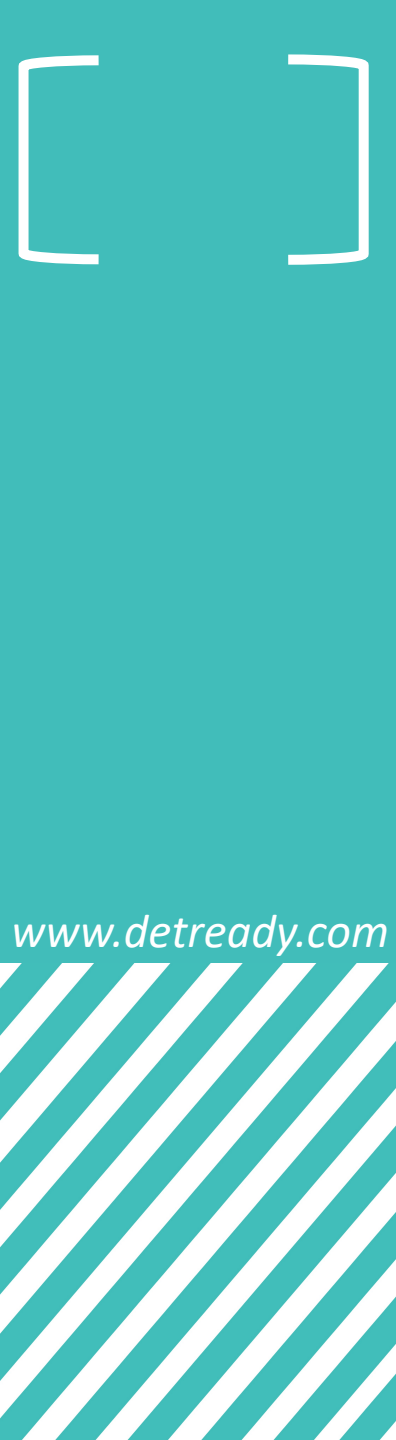

This is a photo of a street with a sign that has “road closed” written on it.

Above the sign there are two sets of traffic lights hanging, and they are both showing a red light. I suppose they won’t change to green as the road is closed for some reason. Beneath the sign there is an orange and white barrier that is used to stop cars and other vehicles from using the road.

The sky is strikingly blue, and the weather seems perfect. I’m not sure, but if I had to guess I would say that this photo was taken in California.

I suppose the road is closed for maintenance rather than a car accident since I can’t see any police or ambulance vehicles in the photo.

Speak for at least 30 seconds about the question below

Talk about a gift that you gave to someone recently.

- What was it?
- Who did you give it to?
- How did it make you feel? Why did you give it to this particular person?

ANSWER

Speak for at least 30 seconds about the question below

Sample answer

I recently gave my younger brother a book as a graduation gift. The book is titled "How to Own the World", and it's on the topic of personal finance and investing. The reason I gave this to my younger brother is because it's a book that I wish I had read earlier in my life. The book simply guides you on the best and safest ways to invest your money, and one of the key points is to start investing as early as possible; ideally when you're in your early twenties. That's why I gifted this book to my younger brother as he is only twenty-one years old and just about to start his first job.

Moving on to the next question. To be honest, I felt quite proud to be able to share this book with my brother because I honestly think it will improve his life, financially speaking, which of course is really important. And I also felt a little bit jealous. He's about 10 years younger than I am, and I wish I could go back in time and read this book and start investing my money sensibly at twenty-one years old. So yeah that's a gift that I have given to someone recently.

ANSWER

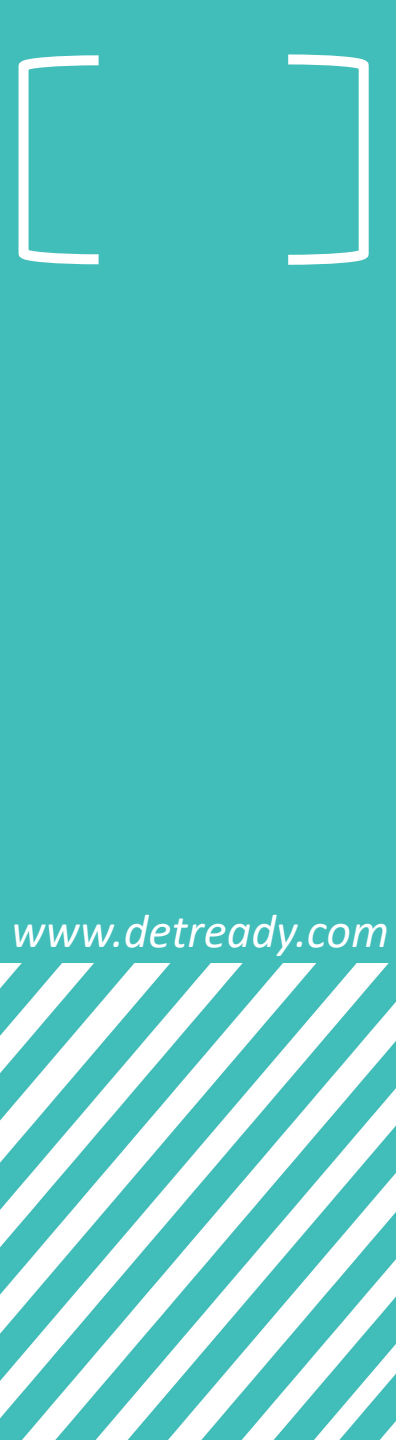

Speak the answer to the question you hear

Question: Describe a situation when you have given or received praise.

Speak the answer to the question you hear

Honestly, I am the kind of person who praises people a lot. That's probably a good personality trait of mine since I am teacher and students like to be praised when they do something well. However, I want to talk about my wife because nowadays I give her praise all the time. We recently had our first baby and raising a baby is a lot of work. It's so much harder than I ever imagined. And because I work full-time and my wife is on maternity leave for a year, she is doing the vast majority of the work when it comes to raising our baby and other household chores. It is really exhausting work. So, I'm constantly giving her praise for all the amazing work she is doing. Honestly, I wish I could be home more to help, but, unfortunately, I have to work Monday to Friday every week. So, that's who I've been giving praise to recently.

Respond to the question in at least 50 words

Many people believe that schools should be banned from serving fast food to their students. Do you agree or disagree? Provide reasons.

NEXT

Respond to the question in at least 50 words

Sample answer

I agree that children should be banned from eating fast food at school for two important reasons. First, fast food is detrimental to children's health. For instance, fast food is often packed with fat, sugar, salt, and preservatives, which makes them extremely unhealthy for children. In addition, schools should stop serving fast food because it is very expensive. It is a well-known fact that fresh food from a supermarket is significantly cheaper than pre-made fast food. To conclude, for reasons presented above, I believe it is vital that schools stop serving fast food to their students.
